

Aqualina

The clean lines of the Aqualina paver are a welcome addition to the Angelus Paving Stones' product line. Two different widths and four different lengths combine to create a modular look that adds depth and elegance to the hardscape. This paver is 100mm, traffic rated and can be machine laid for maximum installation efficiency. The Aqualina will lend a modern, linear appearance to parking lots, building entryways and commercial plazas.

Polymeric Sand

NOTE: ALWAYS VIEW PRODUCT SAMPLES PRIOR TO INSTALLATION The color and texture of Angelus products are not specific to any product or groups of products. Variation in color, shades of color, texture, and aggregate exposure is inherent in all concrete products and exact matches cannot be guaranteed. Not all products are stocked in all colors. Charts with more product related color availability are shown from product pages. Colors and textures represented in print and online are as close as possible to the actual product. Photographic techniques, printing techniques and viewing monitors – as well as actual viewing conditions – can alter perception of color.
