

Torino

The new Torino paver from Angelus Paving Stones has the look of a quarried and shaped natural stone. It combines the refined appeal of a mortar set natural stone paver with the efficiency, longevity and cost effectiveness of a sand set concrete paver. Made with high strength, 8000 psi concrete, this 70mm paver is perfect for the discerning homeowner seeking the ideal driveway to complement their beautiful home.

*Angelus Logic Sand Max polymeric sand is recommended for the paver joints.

Polymeric Sand

NOTE: ALWAYS VIEW PRODUCT SAMPLES PRIOR TO INSTALLATION The color and texture of Angelus products are not specific to any product or groups of products. Variation in color, shades of color, texture, and aggregate exposure is inherent in all concrete products and exact matches cannot be guaranteed. Not all products are stocked in all colors. Charts with more product related color availability are shown from product pages. Colors and textures represented in print and online are as close as possible to the actual product. Photographic techniques, printing techniques and viewing monitors — as well as actual viewing conditions — can alter perception of color.
